

LEOPACK'S OHS POLICY STATEMENT

Leopack is committed to the constant pursuit of customer satisfaction and to being the preferred supplier of logistics services in the local and regional markets.

In pursuance of this commitment Leopack will strive:

- to provide a professional, efficient and reliable service,
- to conduct its business in the highest ethical manner,
- To meet the customer's expectations at optimum cost.

To achieve these objectives and satisfy customer expectations Leopack is totally committed to implementing and maintaining the Occupational Health & Safety System based on ISO 45001:2018 which is supported by:

- Apply OHS management systems approach to health and safety to achieve continuous improvement of our performance,
- Integrate OHS requirements into aspects of all work and business so as to demonstrate legal compliance applicable to health and safety,
- Develop competence of workers to control risks,
- Improve OHS performance through training, education and innovative management practices,
- Set measurable OHS targets and include health and safety performance appraisals
- Promote a culture of employee and contractor participation of health and safety
- Design, implement and monitor hazard and risk assessments to manage risks and opportunities we may face at the present or in the future.

Our success will be measured by the satisfaction of our customers by providing services that consistently meet or even exceed their expectations.
